# TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Farmington qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Farmington on Tuesday, the 7th day of March next at ten o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, ~~one selectman for one year~~, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, and ~~three~~ budget committee members for three years and all other necessary officers and agents for the ensuing year.

✓ Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

✓ Article 3. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for appraisal of property, by State Tax Commission.

Article 4. To see what sum of money the town will vote to raise and appropriate for the Police Department. '

Article 5. To see what sum of money the town will vote to raise and appropriate for forest fire protection.

Article 6. To see what sum of money the town will vote to raise and appropriate for insurance for the town employees.

Article 7. ~~To see what sum of money the town will vote to raise and appropriate for Civil Defense.~~

Article 8. To see if the town will vote to raise and appropriate the sum of ~~\$2,000.00~~ <sup>3621</sup> to be applied to the payment for services of a district nurse, of said town, said funds to be disbursed through the Farmington Visiting Nurse Association.

✓ Article 9. To see what sum of money the town will vote to raise and appropriate for vital statistics.

Article 10. To see if the town will vote to raise and appropriate the sum of \$100.00 for the Strafford County Guidance Center. (By request)

Article 11. To see what sum of money the town will vote to raise and appropriate for the Health Department and Town Dump.

Article 12. (By request) To see if the town will vote to raise and appropriate the sum of \$300.00 to install a 12" drainage pipe between the property of Harry Davis and Ethard Rhoades on School Street.

Article 13. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges and for the general expenses of the Highway Department.

Article 14. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for the repair and paving of another section of Spring Street from the new section on. (By request)

Article 15. To see if the town will vote to raise and appropriate the sum of ~~\$1,134.14~~ in order to assure State Aid in the amount of \$7,560.92 for the improvement of Class IV and V Highways.

Article 16. To see if the town will vote to raise and appropriate the sum of ~~\$4,500.00~~ for the Farmington Public Library Association. (By request)

Article 17. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers aid.

Article 18. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post No. 60, American Legion, to be used for Memorial Day observances.

Article 19. To see if the town will vote to raise and appropriate the sum of ~~\$350.00~~ for street name signs.

Article 20. (By request) To see if the town will vote to raise and appropriate the sum of \$150.00 for the Portsmouth-Kittery Armed Services Committee, Inc.

Article 21. To see what sum of money the town will vote to raise and appropriate for the care of parks and play-grounds.

Article 22. To see if the town will vote to raise and appropriate the sum of ~~\$1,237.98~~ to pay for water service at Davidson Rubber. 1400

Article 23. To see if the town will vote to raise and appropriate the sum of \$185.00 to help defray the cost of Christmas Lighting.

Article 24. To see if the town will vote to raise and appropriate the sum of \$500.00 for the maintenance of the Cocheco River Project.

Article 25. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 26. To see if the town will vote to transfer \$3,700.00 from the surplus fund into the highway department for the purpose of purchasing a box sander.

Article 27. To see if the town will vote to authorize the Selectmen to apply the unexpended \$1,000.00 appropriated to purchase land for dump site to town dump maintenance budget.

Article 28. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for a Capital Reserve Fund for future purchase and construction of land and/or buildings for garage and storage of highway equipment.

Article 29. (By request) To see if the town will vote approval of exchange of land between the Town of Farmington and John J. and Marie J. Bergaglio located on Route 11 and Trotting Park Road.

Article 30. (By petition) To see if the town will vote to extend services of snow removal to all roads at Lancelot Shores having dwellings erected on them and to assist and provide road maintenance to Lancelot Shores residents and their association.

Article 31. (By petition) To see if the town will vote to elect the positions of Road Agent and Chief of Police at the Annual Town Elections.

Article 32. To hear reports from the Sewer Committee and Planning Board and to transact such other business as may legally come before this meeting.

Given under our hands and seal this 18th day of February, 1972.

### AUDITORS' CERTIFICATE

We hereby certify that we have examined the accounts of the selectmen, town treasurer, trustees of the trust funds and municipal court, have compared their several accounts, vouchers and bank statement of funds on deposit, and find these accounts in agreement, with the following exceptions, and believe these reports to be a true account of the town business for the year ending December 31, 1971.

- a. \$6.19 underpayment in Motor vehicle permits from the Town Clerk.
- b. \$9.90 over-deposit in Treasurer's bank balance
- c. \$14.95 over payment in tax levy of 1971
- d. \$122.09 over payment in tax levy of 1970
- e. \$15.00 under-payment head tax levy 1970

Feb. 22, 1972

LEST WE FORGET – IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947, nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a fire-brand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand – a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most important – Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year – 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned – 1971 season:

STATE	463 fires	160 acres
DISTRICT	37 fires	27 acres
TOWN	5 fires	5 acres

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Farmington High School in said district on the 15th day of March 1972, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any agent of the district.
2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To choose agents and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the district will authorize the AREA School Planning Committee to continue its study of the feasibility of Farmington becoming an Authorized Regional Enrollment Area School for the School District of Middleton, and to educate its children in grades 1 through 12.
6. To transact any other business that may legally come before this meeting.

Given under our hands at said Farmington this 17th day of February 1972.

# REPORT OF THE SUPERINTENDENT AND ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Farmington School District:

In September of 1971, the enrollment in the Farmington Schools was as follows:

School	1	2	3	4	5	6	7	8	9	10	11	12	Totals
Memorial Drive	118	95	98	73									384
Main Street					75	98	86						259
High School								86	90	73	62	64	375
	118	95	98	73	75	98	86	86	90	73	62	64	1,018

This is an increase of 58 over the same date in 1970, or a bit better than 6%.

1971-1972

## Teacher Replacements

<u>New Teacher or Reassignment</u>	<u>Replacement or Additional</u>	<u>Grade or Subject Matter Area</u>
Mrs. Melva Clough	Miss Mary Rundlett	Grade 1
Mrs. Sally Riley	Mrs. Izola Batchelder	Grade 6
Mr. Wayne Meehan	Mrs. Miriam Winter	Grade 7
Mrs. Barbara Robidoux	Mrs. Wendy Leriche	Grade 8 Reading/ Literature
Mr. Jerone Hart	Mr. James Murphy	Grade 9 Social Studies
Miss Carolyn Prybylo	Mrs. Kathleen Serotkin	Grade 9 English
Mrs. Ann Corcoran	Additional	High School Special Education
Mrs. June L. McIntire	Mrs. Vera Maxfield	Grade 6 (January 1971)

For the first time in many years, the number of faculty members which needed to be replaced at the end of the school year was at a minimum. There appears to be many more individuals interested in entering the profession. In order to open school in September of 1970, it was necessary to

recruit twenty persons. Just a year later, it was necessary to recruit only seven additional or replacement teachers. However, it would not be wise to state at this time that the teacher shortage is over. It remains very difficult to find qualified teachers for the primary grades, for mathematics, and for chemistry and physics.

Another problem facing the School Board is the need to find classroom space. As reported last year, the Building Needs Committee solution called for the addition of twelve classrooms in the system. To this end, a building committee was authorized at the last district meeting, but has yet to meet. The minimum amount of additional space needed to open school in September of 1972 is six full size classrooms, four in the Memorial Drive School alone. It does not seem to the undersigned that any other reasonable long term solution of this problem exists other than to build. Other courses could be tried, but these would be as expensive in the long run, and would not lead to the capital investment which must be made eventually.

In December of 1971, the Farmington—Middleton AREA School Study Committee met for the first time. It organized itself as required and began a program to study the educational problems of the two communities and make a recommendation for their solution. This Committee was authorized by the 1969 School Meetings in Middleton and Farmington and may legally exist until March of 1972. When the work of this committee has been completed, it will make its recommendation known to the voters of the districts concerned. The voters will make a decision based upon the report of this committee.

Under the terms and conditions of the Minimum Standards for Elementary Schools, the District must begin to implement the standards in order to be in concert with the legal requirements for public schools. For the first steps in its program, the Board is attempting to meet the needs of the District for an acceptable pupil—teacher ratio. With this in mind, the Board is recommending four additional teachers at the Memorial Drive School and the institution of part time guidance and administration at the Main Street School by employing one additional teacher. There is much more to be done to meet the minimum standards, but hopefully this will be an acceptable start. Should the reader wish a summary of the effects of the elementary school

minimum standards in the Farmington School System, he should review the report beginning on page 64 in the 1970 School District Report.

The last meeting of the New Hampshire Legislature enacted legislation which has both an immediate and long term effect upon the educational efforts of the Farmington School District. In the area of financial aid to the district, the following programs were curtailed as indicated. Foundation Aid to Farmington was reduced from an anticipated \$140,000 to \$95,000. Building Aid was reduced from \$9,000 to \$5,038. State contributions to F.I.C.A. (Social Security) were cut off altogether beginning with the last quarter of the present fiscal year. These actions meant that the Farmington taxpayers were required to raise an additional \$50,000 over what the School Board and Budget Committee, in all good faith, had anticipated last March. These actions above added nearly \$3.00 to the tax rate.

A second action of the General Court which will influence school districts is the adoption of an act making mandatory medical examinations for all entering pupils, for all personnel employed by the district, and for bus drivers. There are many other facets of this act which must be reviewed before a final school district policy is adopted. Of interest to citizens is the question of the source of funds to pay for these examinations, such as the individual family, individual faculty member, or the community as a whole. Another question which must be considered is that concerning the availability of professionals competent to perform the necessary examinations.

The third action which should be reported is that which makes the education of all handicapped children mandatory. in the past this was required only for those children who were physically handicapped. The new act requires the education, at district expense, of all handicapped children. The District may do this by establishing special classes, or by tuitioning to approved schools. If the District elects the latter course, it is liable for the state average tuition to the school and an equal amount to provide for the transportation of the child. In effect, the cost of educating handicapped children becomes twice the state average tuition rate. (For example, the state average tuition liability for elementary students during the present fiscal year is \$597.00. The District would be liable, in the case of a handicapped child being tuitioned to another school, for up to \$1,194.00 for transportation and education.)

The addition of a bus to transport the younger pupils along the more dangerous roads was put into effect shortly after school started. It was very difficult to find a contractor, as no one would bid on the route as advertised. However, a contractor was found eventually. There has been some problems with this service, but it is felt that some of the danger to children has been alleviated.

In summary, there are many problems facing the Farmington School District. These include the following: the recruitment and retention of competent staffs; the development of an improved curriculum; the increase in services to the students, including health, special education, guidance, and the arts; the need for more space; and, most difficult of all, the need to find the financial support for all of this. There has been a great deal of publicity recently in connection with the use of the property tax to support education. The courts, it must be pointed out, have not said that the property tax would be eliminated. They have said that it must be made more equitable so that a poor community would not have to tax itself to death in order to support a minimum program of education, while a neighboring community will obtain sufficient funds with a minimum tax to provide for the most elaborate educational system. What the final result of this litigation will be is not known. It is the opinion of the undersigned that it will result in the state, rather than the town, levying the property tax. The money collected will then be redistributed to the school districts in such a way that all will have an equal expenditure per pupil for educational purposes.

In closing, the undersigned should like to express their appreciation for the cooperation they have received from local citizens, school board members, students, and staff members. Your continued cooperation and support is earnestly solicited toward providing a sound educational system for the students of Farmington.

Respectfully submitted,

CHARLES H. MORGAN  
Superintendent

KENNETH J. BEAUPRE  
Assistant Superintendent

# REPORT OF THE PRINCIPAL MAIN STREET SCHOOL

To the Superintendent of Schools:

Main Street School has added two new teachers to its staff: Mr. Wayne Meehan (Reading and Language) who replaces Mrs. Miriam Winters, and Mrs. Sally Riley (Science and Social Studies) who replaces Mrs. Izola Batchelder. Mrs. Batchelder began her retirement in June, 1971, after many years of teaching in Farmington. Her replacement, Mrs. Riley, is a former pupil.

Gradually we are implementing an open-spiral organization in the study of science, language arts and mathematics. These programs are designed to avoid duplication of content and effectively develop newer, more highly refined ideas, using previously held ideas as a base. The open-spiral organization presents facts and their relations in such a way that new facts and new relations are natural outgrowths of those previously presented. Thus, the pupil develops an ever-expanding horizon of knowledge as he moves through "the ever-expanding spiral" of the curriculum.

Unlike the conventional, subject orientated textbooks that are largely a record of facts and principles to be learned, our programs are process or inquiry-oriented. The concept is not new. Good teachers have always stamped their programs with this vital characteristic. The process or inquiry textbook simply helps the pupil learn to "use the skills of a scientist" by developing and using the techniques of science as he accumulates information. The program helps pupils discover that the techniques of science, dependent upon analysis, observation, experimentation, and careful thought, are the most powerful tools he has. Learning the techniques of the scientist requires personal involvement of the pupil in using them. The personal involvement invites questioning and leads to a search for explanations.

The total enrollment at Main Street is 263. Again I must point out, this enrollment coupled with our small playground area creates problems. The breakdown by grades is as follows: Grade 5, 75; Grade 6, 100; Grade 7, 88; Total: 263.

The physical education program is working out well. While physical education can be an area of undue stress, it is my opinion that at the grade levels I am working with it is necessary for the total growth of the student. Particular credit is deserved by those teachers devoting their energies to the program.

Once again I feel I must mention the condition of several of the classrooms. Paint and Plaster are flaking and chipping; these classrooms sorely need attention.

In closing I would like to express my appreciation to the parents, to the Superintendent's Office and to what I consider to be a strong staff.

Respectfully submitted,

Albert E. Colburn, Principal  
Main Street School

# REPORT OF THE PRINCIPAL HIGH SCHOOL

To the Superintendent of Schools:

The undersigned herewith submits this annual report for the period beginning January 1, 1971, and ending December 31, 1971.

The 1971-72 school year began on Wednesday, September 8, 1971, with a total enrollment of 371 students: 285 in the high school and 86 in Grade 8. This is an increase of sixteen (16) over the previous year. Three classroom teachers were replaced and one additional position was created.

Because of this relative stability of Farmington High School's staff, I feel Farmington High School can and is now offering a more quality education for its community. I feel we have made noteworthy advances during the current year and should like to mention some of these.

First, we have altered our traditional 7-period day to include nine (9) separate periods a day: six 50-minute periods and three 25-minute periods. These 25-minute (mini) periods are held during the noon hour and coinciding with lunch. Partial credit courses are offered at this time in the following disciplines: Minorities, Current Affairs, Satire, Dramatics, Art, Auto Mechanics, Calculus, Personal Typing, Relationships, Chorus and Band. Our reasoning behind these courses was to allow the student an optional elective in some area not already covered by our curriculum. This has already achieved moderate success, and we do plan to continue this in another year. Especially important is the fact that these courses are offered at a time when students are available to take them.

Secondly, Farmington High School has now begun a Special Education Program and is now working with the brushed aside student who has far too long been ignored. With the aid of Federal funds (Title I), thirteen 8th and 9th Graders have been enrolled in the program. The driving force behind the program is Mr. George Kourkounas who developed the program as an offshoot of his own tutoring program. Need has now been established and progress is obvious. It is now our hope that similar programs will be instituted in each of our elementary schools.

Thirdly, is the establishment of a self-sufficient

Driver Education Program at Farmington High School. Great enthusiasm has been generated by the students for this program, and my hope is that this will become an integral part of Farmington High School's curriculum in years to come.

I would be remiss if I failed to mention our most pressing problem again; namely, space, or specifically the lack of space. Farmington High School continues to grow; more students, more courses being offered, more staff members, but.....space remains the one unalterable factor. Our physical plant does not, nor can it, accomodate our needs. Our classrooms are completely utilized all day long. The stage area serves as our lunch room, Special Education class, guidance office, tutoring area, band, chorus, plus the teachers' room. Next year either the business department or the shop will become a homeroom. I can only foresee the situation worsening as more and more demands are placed on us. I strongly urge the growth factor of the community be considered and suitable planning be undertaken to expand and broaden our facilities. It cannot be ignored much longer.

In closing, I wish to thank all those who have made this a successful and rewarding year. Please continue your support.

Respectfully submitted,

R. Marston Erwin, Principal  
Farmington High School

## REPORT OF PRINCIPAL—MEMORIAL DRIVE SCHOOL

To the Superintendent of Schools:

The most significant change at the Memorial Drive School within the last year is a marked increase in enrollment from 330 in September 1970 to 386 in September 1971. This is an increase of 56 students or 17%. The area of greatest concern is grade one which now has 117 students. The three grade one classes were overtaxed at 39 and at times 40 in each room. As a result each room was overcrowded by 15 students above the maximum of 25 students for each grade one room allowed under New Hampshire minimum standards for elementary schools.

Fortunately funds became available through the Emergency Employment Act which allowed the hiring of an additional first grade teacher, Mrs. Judith Blaisdell, and three teacher aids. The aids hired were Mrs. Shirley Currier, Mrs. Roberta Silvia, and Mrs. Agnes Adams. Mrs. Silvia was later replaced by Mrs. Gloria Vachon, and Mrs. Adams later transferred to Main Street School to replace Mrs. (Fox) Bergaglio. She was replaced by Miss Kathie Magee.

Miss Nutter and her third grade class were reassigned to the lower town hall to make room for the additional first grade room. Mrs. Vachon was assigned as an aid at the lower town hall to assist Miss Nutter.

After the division of the first grade into four classes each is now four or five students over the maximum allowed under New Hampshire Minimum Standards for Elementary Schools. We should actually have another additional first grade at this time to meet these standards. We are also overcrowded in second grade having 32 in each grade where 25 is the maximum under the standards.

Our building is now filled to over capacity and I expect enrollment to increase by approximately 40 students to a total enrollment of 425 in grades one through four next year. I hope that some reasonable solution to the space problem will be forthcoming.

I have recommended that next year we have five rooms of each grade one and two.

I feel that if additional teachers are not procured and if an attempt is not made toward implementing the minimum standards that our Foundation Aid (in the vicinity of \$90,000 or approximately \$5.00 on the tax rate) may be in jeopardy and that the increased student population will suffer educationally.

Other areas where the Memorial Drive School fails to meet these minimum standards are special education, art, guidance, library, and administration.

We are pleased to welcome Mrs. Melva Clough back as a grade one teacher. She replaced Miss Mary Rundlett who has returned to graduate school.

Other changes at Memorial Drive School are the resignation of Mrs. Barbara Russell as a teacher aid. Mrs. Russell will be sorely missed. Mrs. Mildred Boulay, who had often substituted for Mrs. Russell, has accepted this position.

Highlights of this last year at Memorial Drive School were a trip by the fourth grade to Concord to visit the state capitol and the New Hampshire Historical Society Building as part of their study of New Hampshire. A play "The Magic Spell of Isabelle" was presented by the Speech and Drama Department of Portsmouth High School and Mr. Charles McCoy, Drama Coach, had the junior class present "Rapunzel and the Witch."

Through the International Farm Youth Exchange we were visited by an American student who had spent several months in Argentina.

Under Title II ESEA we are ordering Science and Social Studies filmstrips with which to enrich these subject areas.

Three Talking Pages Teaching Machines were purchased under a federal program.

We continue to benefit from the tutoring program under the direction of Mr. George Kourkounas and occasionally use his services for testing a few of our students. The assistance of Mr. Kourkounas merely scratches the surface and continues to point out the need for guidance services in our elementary school particularly in the area of learning disabilities.

The music program continues in the able hands of Miss Edith Skidds and her concerts continue to be top notch.

Our Physical Education Program is again under the direction of Mrs. Mary Cullen who initiated the program last year. The major drawback in this program is the lack of gym space as the high school gym is fully scheduled during the school day. Consequently during the winter months the gym classes must be held in the classroom.

Many parents and students at the School enjoyed the play "The Night The Toys Came To Life" which was presented by Mrs. Clough's third grade. This play was written, directed, sets designed and painted, and many costumes were made by the members of the class. Best of all, the whole class participated.

This year we re-instituted the Rinehart Handwriting Program. This has caused an increased interest in proper handwriting among both students and teachers at the school.

I wish to thank everyone who has made my second year as principal at Memorial Drive School more pleasant. Particularly Miss Nutter who consented to take her third grade class to the lower town hall, thus eliminating the need to send first graders there, at least for this year.

I also wish to thank the parents of all students who were moved either to the town hall or from one first grade to another for their full cooperation and support. This made a very difficult situation much easier.

Further I wish to thank the school board, townspeople, the school administrators, other principals, the staff of Memorial Drive School and the whole Farmington School District and particularly Mrs. Elliott for their help, support, and cooperation during the school year.

Further I remind parents and townspeople that I consider the school a service to them and will welcome all to come to the school or call to discuss any school problems.

Respectfully submitted,

Richard J. Welch  
Principal  
Memorial Drive School

# REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The School Nurse herewith submits her report for the 1970-1971 School year.

The communicable disease incidence was high with the following number of cases found: chicken-pox - 25 cases; mumps-epidemic, impetigo - 22 cases and skin ring-worm - 13 cases.

There were twenty-five cases of pediculosis (head lice) last school year and all twenty-five cases were reported and treated.

The School Dental Clinic sponsored by the Farmington Visiting Nurse Association was started in January 1971. Grades one through seven participated with a total of two-hundred and twenty-four students taking advantage of the clinic. The teeth were cleaned, examined, and given a flouride treatment. All parents notified of any defects and advised to take their children to their family dentist as soon as possible.

The Pre-school Round-up was held on May 10, 11 and 12 and ninety-six children were registered at the round-up to start school in September 1971. Each child received a vision test, a hearing test, was weighed and measured and had a dental check. A medical history was also taken of each child.

The Orthopedic Clinics were held in Dover (Nurse's Home) during the months of October, January and April and twelve children attended.

A Rubella Clinic (German Measles) was held in March for grades one through six and one-hundred children received their Rubella inoculation.

Heaf Testing (for Tuberculosis) was given to the faculty and all school employees - a total of fifty-four receiving this test.

School health physical examinations were carried out by the school physicians, Dr. George E. Quinn and Dr. Robert E. Lord. Five-hundred and thirty-six children were examined. Whenever there was an abnormal condition found, the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Vision testing was administered to five—hundred and fifty students. Hearing tests with Maico Audiometer were done throughout the school year to help students and two—hundred and ninety—one students were tested.

No child needs to go without glasses because financial assistance is available in obtaining proper diagnosis and corrective treatment. This may be arranged through the school nurse with the help of various organizations.

During the school year, six—hundred and ninety—six home calls (contacts with parents) were made by the school nurse.

In concluding this report it is a privilege to cite the cooperation of the following organizations and groups who helped in many ways and in many times throughout the school year: Kiwanis Club, Salvation Army, Elks Club, Rainbow Girls, V.F.W. and V.F.W. Auxiliary and Ladies Church Service Organizations. These clubs and organizations are continuously serving and helping to provide suitable clothing, dental and visual aid, food, and many other things for the school children and their families. By doing so they help to build a better and healthier community.

The following is the statistical report of the school health work for the school year 1970 to 1971.

Pupils examined by school physicians	536
Pupils examined by school nurse	550
Defects found by school physicians	4
Defects found by school nurse	72
Defects treated	67
Inspections of heads	2,298
First aid to children	1,591
Ill children transported home	180
Ill children transported to doctors	125
Home visits made by school nurse	696

Respectfully submitted,

(Mrs.) Rachel N. Feeny, R.N.  
School Nurse  
Farmington, N. H.

## REPORT OF THE GUIDANCE COUNSELOR

### Report of the Guidance Counselor to the Superintendent of Schools:

The counseling services are concerned in acquiring a thorough knowledge of each student as an individual, to know his abilities, interests, aptitudes, mental, physical, and emotional condition, family background including economic status, and other pertinent information which indicate the way to his best adjustment now and in later life. As in previous reports, I still hold to this philosophy.

Three projects which the Guidance Department has undertaken this year are perhaps worthy of note. One of these projects is the continuation of the tutoring program. Approximately seventy tutors have volunteered for the program. These students are working with pupils with learning disabilities from grades one to twelve, either on a one to one basis or in small groups. Six of the pupils tutored are transported by taxi from the Main Street School to the High School two mornings per week. The program appears to be successful.

The second project, student scheduling by computer, involved a considerable amount of cooperation from administration, faculty, and students. We were fortunate to share the computer facilities of the Bureau of Educational Research and Testing Services of the University of New Hampshire. Since the school schedule was programmed late in the school year, the counselor spent a considerable part of the summer working on this computer schedule.

The third project in administering individual achievement and intelligence tests in the elementary grades on a very limited basis. Many teachers are requesting that students be tested since some pupils can not function at grade level, others have learning disabilities, and others lack ability. There are too numerous students to test. The counselor feels that it is essential that an elementary counselor be added to the staff to assist with testing and with those pupils who have emotional, school, and social problems.

Approximately 41 per cent of the graduates go on for further education with 26 per cent to four year colleges and about 15 per cent to junior colleges, nursing programs, business' schools, manpower schools, beautician schools,

and technical and vocational schools. The percents are based on the classes of 1967, 1968, 1969, 1970 and 1971.

The guidance department cooperates with the Department of Employment Security in assisting the graduates who expect to enter the world of work. Several of the graduates have been able to find work locally.

Some of the graduates have entered the armed forces. Seniors interested in the service may take the Armed Services Vocational Aptitude Battery which measures the potential of the High School student in a variety of occupational groups important to the military services.

The New Hampshire Council for Better Schools presented Farmington High School Tutoring Program for students with learning disabilities a Commendation Achievement Award in recognition of its educational achievement. The counselor would like to thank the students, faculty, and administration for assisting with the program.

In closing, no guidance program would be successful unless you have cooperation of the administration, faculty, school, secretary, community, and local government agencies. To them, I am grateful.

Respectfully submitted,

George Kourkounas
